11. Should a grievant file a grievance which involves more than one (1) work site, the informal step shall begin with the Director of Personnel.
12. Any violation of the grievance procedure by the grievant will result in the invalidation of the grievance.
13. A grievant may not use the grievance procedure in addition to filing an Unfair Labor Practice with P.E.R.C to resolve the same issue.

14. **Steps in the Grievance Procedure**

Informal:

In the event an employee, group of employees, or the Association has a complaint which he believes may become the basis for a grievance, he shall, within ten (10) days of an alleged violation, discuss it in an informal manner with his immediate supervisor, either personally or with a representative from the

bargaining unit. If the employee desires representation, he shall give his immediate supervisor at least one (1) day's (24 hours) prior notice of their intention, and shall identify the nature of this complaint. No written complaint shall be presented at this informal step. Within five (5) days after presentation of the grievance, the administrator shall give an answer to the complainant(s). If the problem is not resolved to the employee's satisfaction informally, the employee may within no more than ten (10) days, file a formal grievance.

Formal:

Step 1: The grievant shall advise the Director of Personnel of said grievance in writing on the form in the **Appendix**, and the employee shall send a copy of said grievance to the employee's immediate supervisor, the Association President or their designee, and the building representative. The Director of Personnel, the grievant, and the Association representative shall arrange to meet at a mutually agreeable time within ten (10) days following the receipt of the grievance. Within five (5) days following the meeting, the Director of Personnel shall give a written decision on the grievance, together with the reasons for that decision. Grievances filed by the Association, if not resolved at the informal step, will begin with the Director of Personnel.

Step 2: If the grievance is not satisfactorily resolved at Step 1, the grievant may, within no more than five (5) days, file a written request with the Superintendent for a review of that decision. The Superintendent, grievant, representative(s), and an Association representative, shall meet within five (5) days following the receipt of the request for a review, and within five (5) days

following the meeting, the Superintendent shall issue a written decision stating the reasons for that decision.

Step 3: If the grievance is not satisfactorily resolved at Step 2, the grievant may, within no more than five (5) days, file a written request with the School Board for review of the decision. The Board shall meet within ten (10) days to consider the decision and shall, within seven (7) days following the meeting, issue a written decision stating the reasons for that decision.

Step 4: If the grievance is not satisfactorily resolved at Step 3 and the grievant wishes to continue the grievance, the parties may agree to non-binding mediation with the parties sharing equally in the cost of the mediator. If the grievant insists on moving the grievance through this step without the approval of the Association, the grievant shall pay all costs of mediation.

Step 5: If the grievance is not satisfactorily resolved at Step 4, within five (5) days of receipt of the decision of the Board, the grievant may file a request for arbitration. If no request for arbitration is made within five (5) days, the grievance shall be considered abandoned. Within five (5) days of the request for arbitration, the Superintendent and an official Association representative shall meet to select an arbitrator. If the parties are unable to agree upon an arbitrator, they shall utilize the ranking method and services of the American Arbitration Association for selection of an arbitrator. The arbitrator shall conduct hearings promptly and shall render a written decision within thirty (30) days following the close of the hearings. When the Association represents the grievant through Step 5, the total fees and expenses of the arbitrator will be shared equally by the

Association and the Board. If the grievant insists on moving the grievance through Step 4 or Step 5 without the approval of the Association, the grievant shall pay all costs of mediation and/or arbitration.

 - A. Regularly employed certified bus drivers
 - B. Any other employee of the Board who is certified as a bus driver
2. The selection list for eligible bus drivers shall be developed in the following manner:
 - A. A list of drivers based upon seniority shall be developed for each school community.
 - B. Drivers who desire to be considered for field trips or extra-curricular assignments shall complete a card indicating such desire by the fifth (5th) working day of the school year. New drivers hired during the school year have ten (10) working days to comply with this requirement.
 - C. Driver lists shall be developed for the returned cards.
 - D. If a driver is appointed for a trip and declines the appointment, that driver's name shall be placed at the end of the list.
 - E. If a trip is canceled, the driver's name shall be placed at the top of the list.
 - F. If no regular driver accepts the trip, the other priority category shall be contacted.
 - G. In the transportation of student athletes, the driver may, if the principal requests, be a coach so long as the coach has certification as a bus driver.
3. A regular driver must have prior approval from the Transportation Department

when driving a field trip in lieu of their regular route.

4. The assignment of duties while on a trip shall be as follows:
 - A. Teachers and/or administrators shall determine the scope of the trip, i.e., destination, departure and return times, and any subsidiary activities, general student supervision, assure the cleanliness of the bus throughout the trip and return of the bus in the same condition as when it departed.
 - B. Bus drivers shall be in charge of the safe operation of the bus while it is in motion, shall oversee bus cleanliness, shall determine if the vehicle is safe for travel and secure the bus upon arrival at its destination, determine that the bus has sufficient fuel, and upon request, aid teachers and/or administrators in student supervision.
 - C. A bus driver's driving day shall not exceed ten (10) hours and shall not exceed fifteen (15) hours of driving/assigned duty time. In addition, a driver may not drive after seventy-two (72) hours of on-duty time in seven (7) consecutive days or eighty-four (84) hours on-duty time in eight (8) consecutive days. A bus driver's waiting/rest time during a single day trip shall not be inclusive in the fifteen (15) hour duty time and shall be paid at the waiting time rate. When assigned as a chaperon, the sponsoring group shall pay any fees incurred by the bus driver while acting as a chaperon. When assigned as a chaperon, the sponsoring group shall pay any fees incurred by the bus driver while acting as a chaperon. A bus driver's paid duty day, driving and rest time, on an overnight trip shall not exceed sixteen (16) hours. There shall be an eight (8) hour rest period

between the end of one (1) duty day and the beginning of the next on an overnight trip.

5. The Board agrees to pay the licensing fee and the annual physical cost for maintaining the bus driver's license for a teacher who volunteers to drive a bus for an intra-curricular activity or a coach who drives the team for an extra-curricular activity.
6. When an outside school hours field trip is canceled and the driver is not notified prior to reporting to the pick-up site, the driver shall be paid the regular trip salary from prep time until notification of trip cancellation, not to exceed two (2) hours.
7. At least one (1) approved chaperon will ride each bus for the round trip in any extra-curricular or educational field trip. The driver shall not be considered the chaperon. When the driver is the sponsor, the need for another chaperon shall be at said driver/sponsor's discretion.
8. Bus drivers on field trips will be allowed, whenever possible, to drive the bus that is assigned to their route on the field trip. Drivers' time cards will begin fifteen (15) minutes before the scheduled departure, and will end fifteen (15) minutes after the actual unloading time of the bus. The prior 15 minutes is for pre-tripping the bus and the later 15 minutes is for sweeping at the end of the trip. Trip mileage, for the purpose of billing, will begin at loading and end at unloading.
9. Upon request, bus drivers may aid in the supervision of students, provided the driver's admission fees are paid by the sponsoring group. Bus drivers must be free from student supervision the 30 minutes immediately preceding the return trip, allowing the driver time to pre-trip the bus for the return trip.

10. If a field trip is canceled, the driver of the trip will be assigned other duties for four (4) hours and paid their regular daily rate for a full day field trip and assigned other duties two (2) hours and paid one half (1/2) their regular daily rate for a half day field trip under the following conditions:

- A. The driver is a regular employee;
- B. A substitute was called to run the driver's regular route; and
- C. The substitute could not be notified of the cancellation within 24 hours.

The duties will be non-food service or custodial work and assigned by the Principal of the bus driver's base school.

**APPENDIX I
SAFE DRIVER PLAN**

INTRODUCTION

Statistics indicate the School Board can significantly reduce the potential for injuries and lawsuits by initiating a plan that assures we do not hire or allow any person to drive a bus who does not have an acceptable driving record. Persons who have poor driving records will not be hired to drive a school bus.

PLAN

In order to qualify and remain employed by the District School Board of Levy County, every bus driver must establish and maintain an overall driving record which exemplifies careful driving habits and meets the criteria prescribed by this plan. The Coordinator of Transportation or Designee is responsible for monitoring all driving records, and all bus drivers will be required to report the following to the Coordinator of Transportation or Designee.

1. All accidents and violations in which they are involved as the driver of a School Board-owned/leased vehicle.
2. All accidents and violations in which they are cited or charged as the driver of vehicles not owned by the School Board.
3. All evidence of damage to assigned vehicle.
4. Suspension or revocation of driver license. No driver shall be allowed to drive a vehicle belonging to the School Board without proper license or when such a license is under suspension or revocation.

Failure to report as required above, or making a false misleading report, may be

grounds for termination of employment. Drivers shall not be assigned points until court action is taken. The effective date of points assigned shall be the date of the first meeting following the date of the conviction.

EFFECTIVE DATE

This plan supersedes all preceding plans and is effective immediately upon ratification by employees in the bargaining unit and School Board (August 22, 2000).

APPLICATION

This plan will be applicable to all current school bus drivers and prospective school bus drivers. No employee will be terminated based on his/her driving record prior to the original effective date of this plan. Prospective employees (drivers) will not be hired if, according to this plan, they have more than five (5) points in the last year or more than ten (10) points in the last three (3) years, or convicted of DWI, DUI, or DUBAL in the last seven (7) years. If an employee is terminated as a driver due to his/her driving record and desires re-employment he/she may reapply for employment criteria. If a driver is terminated due to excessive points, he/she may be considered for employment in a non-driving position.

Non-regulated drivers, including licensed unpaid volunteer school employees and licensed unpaid non-school district volunteers whose driving record does not meet the point criteria described in the previous paragraph, will no longer be allowed to drive a bus.

POINT SYSTEM

The driving record of all School Board bus drivers will be reviewed at least twice annually. Points shall be assessed by the Committee as convictions occur according to

the following schedule regardless of whether the DHSMV shows conviction, 0 points assigned, or adjudication withheld. A driver involved in a single accident or event and convicted for more than one (1) violation will receive no less than the maximum points assigned to the highest violation category.

VIOLATIONS AND ASSESSED POINTS

VIOLATION	POINTS ASSESSED

16. Any incident involving a school bus, or other county vehicle, which has no visible damage to the vehicle and/or property that has no visible evidence of damage.	Zero (0) – Three (3)

**ACTIONS RESULTING FROM ASSESSMENT OF
SAFE DRIVER PLAN POINTS**

Points/Time	Penalty
One (1) - Five (5) points in one (1) year	Documented warning, including written reprimand
Eight (8) points in one (1) year	Three (3) day suspension without pay
Twelve (12) points in one (1) year	TERMINATION Career redirection is a district option
Sixteen (16) points in two (2) years	TERMINATION Career redirection is a district option
Twenty (20) points in three (3) years	TERMINATION Career redirection is a district option

If there are no infractions for which a bus driver is assessed points in a three (3) year period, all prior points will be removed from his/her record.

ADMINISTRATION

This plan will be administered by the Safe Driver Plan Committee. The committee will be organized and trained to perform the following duties:

1. To determine if an incident was preventable in accordance with the definition found in the National Safe Driver Award Rules and Guidelines. A preventable accident is “any occurrence involving an employer owned or leased vehicle which results in property regardless of who was injured, what property was damaged, to

what extent, or where it occurred, in which the driver in question failed to do everything reasonable to prevent it.”

2. To make recommendations to the Transportation Coordinator concerning positive corrective action to be taken.
3. Review any convictions for driving violations.
4. Assess points in accordance with the attached schedule to this plan. This plan will be administered by the Safe Driver Plan Committee, selected annually, consisting of the individuals in the following positions:
 - Representative from the Human Resources Department
 - Coordinator of Transportation or Designee
 - Supervisor, Driver Training
 - Three (3) drivers from the Transportation Department (one [1] driver to be selected by the Coordinator of Transportation and two (2) drivers to be selected by the Union)

The Coordinator of Transportation or designee shall establish a schedule for review of driver's records and shall provide to the chairperson a record of convictions in accordance with this plan. An employee has the right to appeal assessment of points and/or administrative action relating thereto by requesting a hearing before the Safe Driver Plan Committee. The appeal shall be by letter to the Chairperson within ten (10) working days of receipt of notice of committee action and will state the employee's objection in detail. The Chairperson shall forward the appeal letter to the members of the Safe Driver Plan Committee for action. The employee shall have the right to appear in person before the committee. The employee will receive written notice of the decision of the committee. If the employee appeals the recommendation of the Safe

Driver Committee, no points will be assigned or disciplinary action taken during the appeal process.

Each employee shall be given a copy this plan and have all his/her questions answered.

Each employee shall sign a form indicating that he/she has been given a copy of and read this plan.

This plan will be reviewed annually.
