Wind and Water

We are adjusting very well after a long break. Our main focus was to get right back on track and pick up with our academic skills.

We will learn about dealing with excitement, anger, and frustration. We will also learn about the movement of different items in the wind and on water. Animal habitat and the effect of too little rain and the importance of staying dry from the rain will be some of the high points of this unit. Understanding emotions such as disappointments will be discussed. The importance of
