

## PRE-K NEWS

We would like to welcome everyone back and hope that you had a peaceful and restful break. The children came back ready to go. We started Unit 6 "Things That Grow". In this Unit we will explore how living things grow, through observations and experiments. We will continue to learn about letters, sounds and rhyming. We will also focus on counting and number recognition.

This week we weighed and prepared vegetables for soup. The children washed and chopped all of the vegetables themselves. They really enjoyed eating the soup some had seconds and thirds. We read "The Ugly Vegetables" and "Growing Vegetable Soup". We charted all of the vegetables that we used to see which was their favorite, potatoes won.

## REMINDERS

\*\*\*\*\*Field Trip Tuesday April 20<sup>th</sup> Two Tails Ranch  
Any chaperones that are attending must send in \$5.00 for admission, the children are already paid for. Parents if you checked on the permission form for your child to bring in a lunch that you please do so. If you have changed your mind let us know so we can get a bag lunch from the lunchroom.
